Maryland's Foster Care Court Improvement Program (FCCIP) offers MDROCC

The FCCIP serves as the Judiciary's primary entity designated to address Children in Need of Assistance (CINA) and related Termination of Parental Rights (TPR)/Guardianship and Adoption matters. The FCCIP identifies and works towards initiatives designed to increase the safety, permanency, and well-being of children in the child welfare system. This new online legal resource center is designed to assist judges, magistrates, and attorneys who handle these cases on a daily basis.
